#### Business Areas

- Space
- Aero Engines
- Industrial Gas Turbines

#### Material Experience

- Thickness 0.3-35 mm
- Heat Resistant Alloys
- Stainless Steel
- Aluminium

#### Quality

- EFQM: Roadmap to Excellence
- ISO 9001: 2008
- ISO 14001: 2004
- ISO 3834-2: 2005
- OHSAS 18001: 2007
- OEM Approvals

#### Competencies

- Forming
- Welding
- Non Destructive Testing
- Laser Drilling
- Machining
- 3D Abrasive Water Jet Machining

#### Customers

- Alstom Power Generation
- Dresser-Rand
- GE Energy
- MAN Turbo
- MT Aerospace
- Opra
- Rolls Royce
- Siemens Power Generation
- Techspace Aero

[www.listemann.com](http://www.listemann.com)

#### Business Areas

- Aero Engines
- Space
- Industrial Gas Turbines
- Medical Instruments
- Tooling
- Machine Components

#### Material Experience

- Nickel Alloys
- Titanium Alloys
- Stainless Steel
- High Heat Resisting Steel

#### Quality

- ISO 9001:2000
- AS/EN 9100:2003
- PRI-NADCAP
- OEM Approvals

#### Competencies

- Vacuum Brazing
- Vacuum Heat Treatment (Annealing / Hardening)
- Customized Nitriding Processes
- Thermal Spraying
- EB-Welding
- Debinding and Sintering of MIM Parts
- Material Engineering

#### Customers

- Aerotech Peissenberg
- FAG Aerospace
- GE Energy
- MAN Turbo
- MTU
- Pilatus
- Rolls Royce
- RUAG Aerospace
- Siemens Power Generation
- Snecma
- SR Technics

## TURBINE COMPONENTS NETWORK

[www.tcn.li](http://www.tcn.li)

Your solution provider for engine ready components

- Systems Partner for Metal Components
- Know How Pool
- One Contact – One P.O.
- Shared Assets
- Specialized Processes
- Approved Companies

[www.imbach.com](http://www.imbach.com)

#### Business Areas

- Space/Aerospace
- Power Generation & Distribution
- Medical Instruments
- Vacuum Technology
- Chemical Processing

#### Material Experience

- Aluminium Alloys
- Copper Alloys
- Nickel Alloys
- All Steels
- Titanium Alloys

#### Quality

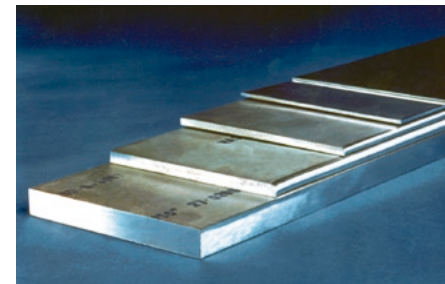

- ISO 9001:2008
- EN 9100:2003/ AS9100B
- TÜV AD 2000-W0/TRD 100
- Lloyds Register of Shipping
- OEM Approvals

#### Competencies

- Forging/Drop Forging
- Ringrolling
- Machining
- Engineering

#### Customers

- Alstom Power Generation
- Areva T & D
- ABB Turbosystems
- Eurocopter
- Linde
- MAN Turbo
- Pilatus
- Siemens
- Volvo Aero Corporation
- Oerlikon Solutions

[www.haynes.ch](http://www.haynes.ch)

#### Business Areas

- Aerospace
- Land Based Gas Turbines
- Chemical Processing Industry
- Automotive

#### Competencies

- Ni- & Co-Based Superalloys
- Development
- Manufacturing
- Distribution
- Value Added Products
- Cut Parts
- Tailor Made

#### Quality

- ISO 9001:2008
- ISO 14001:2004
- AS 9100:2004
- PRI-NADCAP
- OEM Approvals

#### Materials

- Haynes® 282® alloy
- Haynes® 230® alloy
- Haynes® 25 alloy
- Haynes® 188 alloy
- Haynes® 263 alloy
- Haynes® 617 alloy
- Haynes® 718 alloy
- Haynes® R-41 alloy
- Hastelloy® X alloy
- Haynes® Waspaloy alloy

#### Customers

- Ansaldo
- Alstom Power Generation
- Boeing
- GE Energy
- Pratt & Whitney
- Rolls Royce
- Siemens Power Generation
- Snecma
- Westinghouse
